THE COMMISSIONER FOR PATENTS, P.O. BOX 1450,  
ALEXANDRIA, VA 22313-1450.  
  
MARY C. DEUTSCH

**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

Dear Sir:

Pursuant to the duty of disclosure imposed by 37 C.F.R. § 1.56 and in accordance with the provisions of 37 C.F.R. §§ 1.97, 1.98 and the Manual of Patent Examining Procedure 609, Applicants bring to the attention of the Examiner the following information. The Examiner's independent and thorough review of this information is solicited.

Attached hereto please find Form PTO-1449 listing the cited references. The Examiner is requested to indicate consideration of each reference by initialing in the appropriate box for each reference, and returning an initialed copy with the next Official Action. A copy of the cited references therein is also enclosed.

This Supplemental Information Disclosure Statement is filed pursuant to 37 C.F.R. § 1.56 to bring to the Examiner's attention those references which may be material to the Examiner for examination of this case. However, the citation of the above references in this Supplemental Information Disclosure Statement is not intended to constitute an admission that any patent or other reference referred to herein is "prior art" for this invention. In this regard, Applicants expressly reserve the right to contest that any of the references constitute "prior art."

Under 37 C.F.R. § 1.97(c)(2), this Information Disclosure Statement is being filed subsequent to a first Office Action, but prior to the mailing date of any final action, notice of allowance or action that otherwise closes prosecution of the application. The fee required under 37 CFR §1.17(p) of \$180.00 is enclosed herewith.

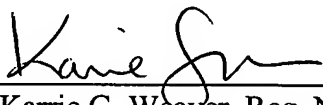

Japanese Publication No. 2004-035736 (Suda, et al.) was cited in Japanese Patent Application No. 2003-383012, which claims priority to copending U.S. Application No. 10/612,243, filed June 30, 2003. As noted in the Information Disclosure Statement filed January 15, 2004, U.S. Application No. 10/612,243 is related to the present application.

Also included in this Supplemental Information Disclosure Statement is a copy of U.S. Publication No. 2004/0024090 A1, which claims priority to, and thus appears to be a U.S. equivalent of, the cited Japanese reference, JP 2004-035736.

U.S. Patent No. 5,482,809 (Rao et al.) was cited in Korean Patent Application No. 10-2003-0090033, which corresponds to U.S. Application No. 10/691,191, which in turn is related to the present application.

Respectfully Submitted,

Dated: 16 NOVEMBER 2005
